

**SOPLA LEVANTE**

**PINOMAR**

**Winery Notes:**

The project possibly begins in one of the mythical places of the Valencian Community: La Mata Natural Park, Alicante province. A place that in ancient times had 250 hectares, of which only 35 remain today. A magical place, with ancient vineyards standing straight just a few meters from the beach and the salt flats, which support weather and extreme salinity that brings an incredible personality to the wines.

**Wine Making Notes:**

Grapes are hand-harvested, de-stemmed, crushed and macerated and aged in terracotta tanks for 9 months. Finally, the wine is bottled without any kind of treatment, so it conserves all the natural flavors. Wine is elaborated by following the prescriptions of the organic/biologic viniculture.

**Tasting notes:**

White wine, clear in appearance, light tear. Deep intensity of a lemon color. On the nose medium intensity, with a presence of ripe lemon citrus fruit, wild flowers, pleasant herbaceous nuances with a certain balsamic nuance and an earthy background. On the palate it is dry, with medium acidity, with a medium alcohol and medium body marked by the presence of medium tannin that gives it structure.
