

Intensus Reserva

- White -

Winemaking:

Intensus Reserva is a white wine produced with white grapes of Arinto, Antão Vaz from the Alentejo wine region. After the fermentation process in stainless steel tanks at controlled temperatures, the wine has been transferred to stainless steel vats, where it stayed in contact with fine lees, and where it was subjected to regular stirring, for 6 months, prior to being bottled.

Tasting Notes:

Intensus Reserva is a very fresh white wine, with citrus aromas, with tropical nuances and subtle mineral notes. It has a soft floral touch, graphite note, wet stone, and open citrus acidity.

VINTAGE	2020
